

Automated Sales Analysis Report

Generated on 09 September 2026

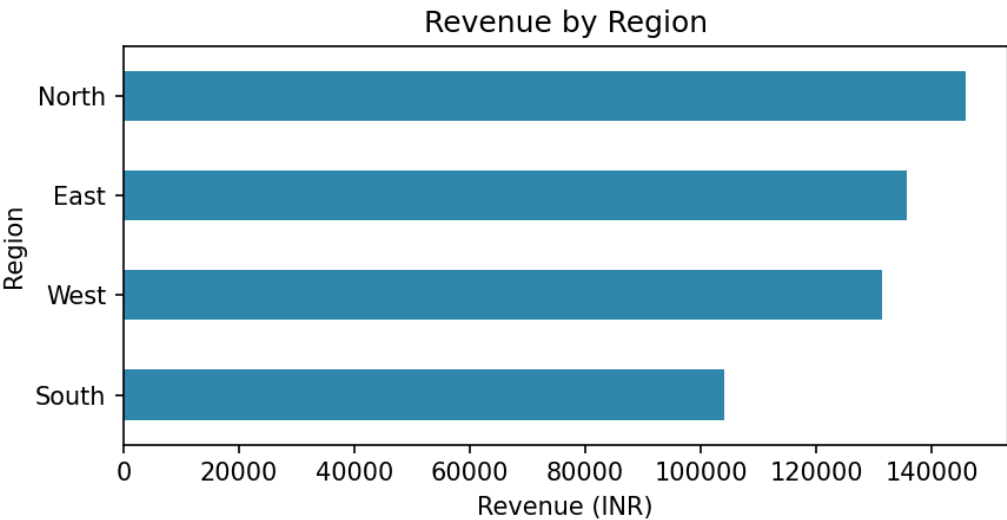

1. Executive Summary

This report was generated automatically from the source dataset (8 records). A total of 916 units were sold, generating INR 516,800 in revenue. The average revenue per transaction row was INR 64,600.0. The best performing region was **North**.

2. Regional Breakdown

Region	Units Sold	Revenue (INR)
East	226	135,600
North	263	145,800
South	208	104,000
West	219	131,400

3. Revenue Chart

4. Conclusion

The analysis indicates a healthy sales spread across all regions, with scope to improve performance in the lowest-revenue region through targeted promotions.
